R eliance Jio is learnt to have made the highest earnest money deposit (EMD) for participating in the upcoming auctions in an attempt to gather the maximum amount of spectrum along with some additional airwaves for future use.

According to calculations, if the company were to buy one block of spectrum, in all 22 telecom circles, in each band, it would have deposited at least ₹7,800 crore, as earnest money deposit.

Airtel is right behind Jio in terms of deposit money, followed by Vodafone Idea (Vi) with the least submission. It is learnt that Vi has evinced an interest in buying only renewal spectrum and has paid EMD commensurate to the quantity of spectrum.

EMD, or the minimum deposit for the premium 700-megahertz (MHz), to be sold in the block size of 5 MHz (paired) is ₹3,660 crore. This is the most expensive band on offer in the auctions.

Airtel is looking at some new spectrum, besides renewing the licence for the older one. Vi is only eyeing renewal spectrum in the current auctions. All the three private telcos submitted their applications for participation in the upcoming auction of airwaves by the Department of Telecommunications. MSTC has been selected to handle the spectrum auction. The public sector enterprise executed coal auctions in early 2015. They were held after the Supreme Court cancelled allocation of coal mines in

Vodafone Idea's 4G speed fastest in Oct-Dec: Ookla

Vodafone Idea (Vi) on Wednesday said it has beaten Jio and Airtel to become the fastest telco in October-December quarter of 2020.

According to Ookla, this makes Vi the only telco delivering fastest speed consistently over a six month period on a pan-India basis. The company's GIGAnet technolo-

logy used for 4G has been verified by Ookla as the fastest network for average download speeds in 16 states and Union Territories — Maharashtra, Uttar Pradesh, Gujarat, West Bengal, Delhi, Kerala, Rajasthan, Madhya Pradesh, Chhattisgarh, Jharkhand, Sikkim, Assam, Manipur, Tripura, Mizoram and Nagaland.
