Press Release

Greaves Cotton Unveils 750 HP Fire Fighting Engine at FSIE Expo 2026

New 12V15 engine strengthens Greaves' Industrial Solutions portfolio and reinforces its capabilities in high-performance, specialised applications

Mumbai, September 7, 2026: Greaves Cotton Limited, one of India's leading diversified engineering companies and one of the key players in the segment, unveiled its new **12V15 750 HP Fire Fighting Engine** at **FSIE Expo 2026** held in Mumbai. Designed for demanding firefighting applications, the high-power engine further strengthens Greaves' Industrial Solutions portfolio and underscores the company's capability to develop high-performance, application-specific power solutions for critical sectors.

The launch comes at a time when India's expanding urban infrastructure, industrial growth and increasing emphasis on fire safety preparedness are driving demand for more capable and reliable firefighting equipment. Engineered for high-capacity firefighting operations where power, reliability and operational readiness are paramount, the 12V15 750 HP Fire Fighting Engine reflects Greaves' ability to leverage its engineering and manufacturing expertise to deliver specialised, mission-critical solutions beyond conventional automotive applications.

Sandip Chaudhari, President - Auto & Special Applications, Greaves Cotton Limited, said, *"At Greaves, we are committed to applying our engineering expertise to address the evolving needs of critical sectors that power India's growth. As India continues to invest in urban infrastructure, industrial expansion and safety preparedness, the need for reliable and technologically advanced firefighting equipment will continue to grow. Through this launch, we are proud to support our customers and OEM partners with a made-in-India solution that delivers the power, reliability and operational readiness required for mission-critical applications. The launch further strengthens our position in specialised industrial power solutions while advancing our Greaves.Next growth journey."*

The launch is aligned with **GREAVES.NEXT**, the company's strategic direction to build a diversified engineering enterprise across **Mobility, Energy and Industrial Solutions**. Through its Industrial Solutions business, Greaves is leveraging its engineering expertise to develop specialised solutions for critical applications while expanding its presence across domestic and international markets. With a growing portfolio of high-performance industrial engines and power solutions, Greaves continues to strengthen its position as a trusted engineering partner across critical infrastructure and industrial segments.

The introduction of the **750 HP firefighting engine** further reinforces Greaves' evolution from an automotive-focused company to a **diversified engineering solutions provider**, with capabilities spanning multiple sectors and applications.

About Greaves Cotton Limited:

With a legacy of over 165 years, Greaves Cotton Limited is a diversified, future-ready engineering company delivering innovative and sustainable solutions to customers across key sectors. Renowned for its precision engineering and technology leadership, the Company's growth strategy is anchored on three core dimensions: accelerating its core businesses, building new muscle onto the core, and expanding into new horizons across Energy Solutions, Mobility Solutions, and Industrial Solutions.

As one of India's largest manufacturers of single-cylinder diesel engines, and a pioneer in introducing them for microcar applications in the European market, Greaves continues to reinforce its commitment to accessible, efficient, and reliable mobility. Guided by its purpose of 'Empowering Lives', Greaves is committed to providing reliable products, sustainable technology, and customer-centric solutions. With its strong engineering foundation and continuous innovation, the Company aims to enable people, businesses, and communities to progress with confidence in a future rooted in engineering excellence and driven by efficient energy.

The investee companies of Greaves include Greaves Electric Mobility Limited (GEML) with its diverse portfolio of electric 2 & 3 wheelers for passenger and cargo mobility, and Greaves Finance Limited (GFL) with ev.fin, a 100% EV focused NBFC that leverages cutting-edge technology to offer customised financing options & seamless buying experience. Both these businesses play a significant role in accelerating EV adoption in India.
